**RE: Carving Project**

The Uchucklesaht Tribe Government is completing a canoe carving project. The purpose of the project is to create a sea-worthy canoe for the Uchucklesaht Tribe, while providing canoe carving skill development for Uchucklesaht members. We have hired an experienced canoe carver to lead the project and are looking for 1 to 2 Uchucklesaht members to assist with the carving process. These positions are open to Uchucklesaht members who are either experienced carvers or individuals interested in becoming a carver. Carving of the canoe is expected to take five to six months and will be completed at the Nucii building on Redford St in Port Alberni. The carving positions will be paid positions, with carving occurring Monday to Friday from 8:30 am to 4:30 pm. This position is intended for those living in Port Alberni, or willing to relocate to Port Alberni for the carving on their own. Those hired for the project should be committed to the project and willing to work on it to completion. Covid-19 vaccination is required to work on the carving project. Those interested should contact me at the office or via email. I look forward to hearing from you!

Regards,

**Moses Towell**

*Lands & Resources Manager*
